

ALLIES' WAY TO BERLIN LIES THRO BUDAPEST

BRITISH OFFICER DISCUSSES
NEW EFFORTS OF ALLIES
IN WAR

Athens, Oct. 1.—"I believe we are on the eve of the most important operation of the war, namely, the landing of troops in Macedonia to begin the march, not so much on Constantinople as on Berlin," said an officer attached to the general staff of the British army on the Gallipoli Peninsula, who has come to Athens from the Dardanelles front.

"The two offensive forces gradually are closing in. The Mesopotamia expedition is approaching Bagdad and from the Suvla Bay-Gaba Tepe line an attack on Constantinople may begin any moment."

The officer who gave expression to these ideas is Compton MacKenzie, who is attached to the intelligence department of the general staff at the Dardanelles. He reached Athens yesterday from the front.

Commenting on the situation further, and particularly in the Balkans, Captain MacKenzie said:

"It is my opinion that the co-operation of Greece with the allies will begin the last chapter of the war. One more gap in the iron ring around Austria and Germany is being closed. The final victory will be fought out on the plains of Hungary. The way to Berlin lies through Budapest and Breslau."

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By taking at any drug store for "Witch's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Witch's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

According to news from shipping interests at Pascagoula, one of the steamers swept ashore at Gulfport is the British steamship Birchwood of 1,800 tons from Algiers on her last passage.

No loss of life was reported at Coahoma, though the water was two feet deep in the railroad station there and the bay front road was six feet under water. Property damage there is reported to be confined to the beaching of a number of small fishing craft located Thursday several hundred yards inland, and destruction of bath houses.

The British steamship Minne De Larina, bound from Galveston to Barcelona, but into Mobile bay Wednesday to escape the storm, it was reported from Port Morgan. The Southern Pacific liner Proteus (Wednesday) reported in the storm, center of the mouth of the Mississippi river, was reported safe by the Creole of the same line.

Nervous Periodical Headaches

Succumb to Anti-Kamnia Tablets

This trouble commonly called "ick headache" is said to be due to the retention of acid in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition and in certain cases, no doubt this is true. Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellschmidt, of Louisville, has found Anti-Kamnia Tablets to give prompt and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. An emetic will sometimes shorten the attack. The bowels should be kept open with 'Acidol'; a hot bath and a thorough rub-down with a coarse towel, often give grateful relief. Two Anti-Kamnia Tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual causes and vomiting." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for nervous headaches, neuralgia and all pains.

WILL YOU?

LISTEN: You have been urged from time to time to give your attention to fire prevention. Why don't you consider your own interest and do so?

LISTEN: Don't you realize that by co-operating with your neighbors you can improve conditions and make your community a better place to live in, free from objectionable accumulation of waste, and reduction of fire loss?

LISTEN: Why don't you be one to start a movement for better buildings in your home town? Do so at once. It will pay. Buildings built of fire-resistant material cost only about 10 to 15 per cent more than the ordinary burn-at-risk buildings.

LISTEN: Don't forget that the aid

you give in forwarding the movement for fire prevention means a saving in dollars to yourself. Won't that interest you?

LISTEN: Don't be a back number. Get busy with the rest of the public-spirited men who have come to a realization that they can make a town a safe town to live in and be free from the worry over the possibility of unnecessary fires caused by careless men.

LISTEN: A campaign for fire prevention and clean healthy home towns has been started. Why not help along the movement by lending your assistance for fire prevention and home protection?

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
